

Function:

- Suicide Resistant (SR) Product designed to reduce the ligature risk associated with conventional grab bars
- Assist with standing, sitting and maintaining stability

Application:

- Behavioral healthcare facilities
- Correctional facilities
- Residential treatment centers
- Schools
- Senior and residential care
- Corridors, Patient rooms, washrooms and shower areas; in wet or dry locations
- Can be used as a continuous hand railing

Features & Benefits:

- Self-draining end caps have channels which run in a 'Z' pattern minimizing the likelihood of line or cordage being passed through the channel
- Ligature Resistant (provided both endcaps are used) while still allowing full grip (ADA Compliant)
- Self-draining end caps prevent water pooling reducing infectious disease concern
- When properly installed can easily support patients well in excess of 500lbs

Technical Data:

- Extruded 6063-T52 alloy aluminum with clear anodized finish
- All edges are radiused and carefully finished
- Standard and custom lengths, straight bar, 'L' shape and 'U' shape available
- Security bolts and drilled bolt holes by others
- Normal cleaning with a dry cloth or non-acidic detergent

Matl/Finish:

- M1 - 6063-T52 Hard Anodized Alum, Clear

Size (LT):

- E - 18"
- G - 24"
- I - 30"
- K - 36"
- M - 42"
- O - 48"
- Q - 54"
- S - 60"
- CZ - Custom: ___ in
- CL - Custom ___ x ___ in()

Wet Area Option:

- T - Two Endcaps, Self Draining
- Y - One Endcap, Drains to the Right
- Z - One Endcap, Drains to the Left

Ordering & Specifying Example:

811-S01-M1-E-T: 6063-T52 Hard Anodized Alum, Clear, 18', Two Endcaps, Self Draining
