

Patent Pending

Function:

- Suicide Resistant (SR) Product designed to protect patients from harm and smoke detectors from tampering by reducing unauthorized access

Application:

- Secures smoke detectors from tampering and unauthorized access
- Ligature resistant design for unsupervised patient areas

Features & Benefits:

- Steel construction resists vandalism
- Offset perforations resist hanging attempts while allowing smoke detection

Technical Data:

- 14GA cold rolled steel, silver powder coat finish
- Stainless construction available
- 9-3/4" x 8-1/4" x 3-1/2" Dimension
- Accepts 1/4" to 5/16" security screws (not included)

Material:

- CE - CRS, 14 Gauge
- SE - Stainless Steel 304, 14 Gauge

Finish:

- 2D - Dull Mill
- P7 - Powder Coat, Silver

Size:

- GE - 8-1/4" x 8-1/4" x 3-1/2"

Ordering & Specifying Example:

812-S84-CE-P7-GE: Cold Rolled Steel, 14 Gauge, Powder Coat, Silver, 8-1/4" x 8-1/4" x 3-1/2"
